

## News From Your TOWN HALL

The Commission confirmed the appointment of J. K. Baker as Mayor and made official the appointment of Town employees for the coming year as follows: Chief of Police and Town Marshal, J. C. Williams; Police Officer, J. H. Hodges; Prisoner Guard, W. R. Coker; Jailor and Fireman, S. H. DeLone.

Assistant Jailor and Fireman, John F. Atkinson.

Truck Driver and Assistant Guard, W. B. Taylor; Jail Custodian and Cook, Sam Jackson.

Garbage Collector and Inspector (sanitary) H. E. Fries; Town Clerk, A. L. Wallis.

Water Works Clerk and Assistant Town Clerk, Rixine M. Williams.

The Water Works Superintendent is C. H. Throop with A. Miller as assistant. Chief Tankless and Harvey Matthews as operators.

One permanent appointment of interest to insurance customers is that of Assistant to St. Louis, which gives us a 24-hour full time fireman on duty.

If the Southeastern Underwriters, who until the U. S. Dept. of Justice got after them were a law to themselves, will take notice of this, maybe the community will benefit in insurance rates.

Your garbage permit will cost you \$2 per 30 gallon can up to three; for over three you must pay \$1 each. This represents a raise from \$1.25 each for the first three and from 75 cents for the others.

The garbage department requested this because of the increased cost of operation and the fact that the department has been showing a loss.

The ordinance also provides that it is unlawful for trash or other forms of garbage to be deposited in canals or on vacant lots. You must haul it off yourself within four days or hauled by the Inspector for the Town to haul it off.

In a communication 98 per cent of its food products are made and subject to the rigid health laws of Florida it becomes citizens to adhere to it to any measure designed to keep down breeding places for flies, mosquitoes and other insects.

The cooperation of the public and an appreciation of the problems of health is earnestly sought by the Town Commission.

The Chief of Police is still the Building Inspector.

Remember also that there is an ordinance providing that all vacant lots must be kept clean of weeds and grass. This law never been enforced, but lot owners might begin studying ways and means.

## BUSINESS WOMEN HEAR WAR TALK

"The average American soldier in this war is superior in every way to the very best soldiers we had in the first World War," said Luther Jones in an address to the Business and Professional Women's Club, "The Marines in the last war," he continued, "were trained to believe that they were the best fighting men in the world, which was true at that time. But we frankly admit now that these boys of today have the Marines of that time beat in every way."

In explaining the three phases of war, he said that first is the preparation which we have accomplished. The fighting is over and we have won. Just before that the actual hostilities have ceased, comes the third and last phase which is the rehabilitation. This is slow and tedious. He pointed out that casualties from the last war still require treatment and financial aid. According to former figures the chances are that we will be paying for this war, both financially and in suffering for the next forty years. Striking an optimistic note however, he said that our country will profit in many ways because recently we have made greater progress in scientific discoveries and medical research than we have in the last 100 years.

The Holy Communion will be held at the regular 11:00 o'clock Sunday service at the Community Methodist Church. All are invited.

## CONTRACT PICKERS THAT MAN'S HERE!

Forgetfulness and ignorance of laws are not legally recognized by the Internal Revenue Service, but sometimes it causes them to overlook violations or be lenient in slapping on fines.

BUT, HOWEVER, Mr. Irvin E. Price, THE MAN, said that he was so lenient heretofore with the "persons engaged in business of transporting property for hire" who do not make application for registry as prescribed by law. That means contract or trip truckers who haul beans.

There must be a tax paid on all money collected for hauling—you pay it when you pay freight to the railroad or the trucking lines, and you must pay it when you hire your beans hauled.

The man who hauls your beans must collect it from the man for whom he is hauling, and he is also responsible for the tax whether he collects it or not. You must pay it, and you are subject to a fine if you do not pay it.

Mr. Campbell, at the Bank has been very cooperative with blanks and it would be well to get one and fill it out.

## Baptists Dedicate Church Property Free Of Debt

Dr. C. H. Bolton, former pastor of the First Baptist church of West Palm Beach recently delivered a dedicatory sermon of the church building, pastored by Mr. Taylor and J. E. Dillard, which was completed in 1936 and just recently the church building was given the finishing touches, masonry and financially.

Members of the Mens Bible Class gave the church four lots of land, including the lot on Avenue B and three on Avenue C for future expansion.

Ten years ago there was no church building in Belle Glade. Makeshift rooms were used for meetings of the several small congregations.

Mr. Bolton reached a point in religious promotion where approximately \$30,000 per year is spent for this purpose indicates a healthy growth in religious faith of the community.

Mr. Bolton, a recent visitor to the local Baptist church, made a statement that his position gave him inside information concerning the financial condition of the Baptist churches in the Florida territory. He gave numerous instances of churches, large and small, that have burned mortgages on their property.

He left the impression that the churches of his denomination are fast practicing paying for their religious activities on a cash basis instead of "installment buying" so popular in the past.

A canvass of the organizations around Belle Glade discloses that the Community Methodist, Baptist, the Seventh Day Adventists, The Christian Science, and the Church of God, all have modern plants, with no debt on them.

A congregation of Catholics have purchased ground on which to build a chapel and for further expansion.

The Episcopal congregation is studying sites available with the ultimate aim of a house in which to worship.

There are approximately 800 church members affiliated in the immediate community and approximately 350 in various Sunday schools.

The Community Methodist church not only has its property but has a fund of approximately \$100,000.

## Speculators Like Termites In California Farm Lands

Comparisons Demonstrate That Glades Lands Have Healthy Growth

The Wall Street Journal of September 15th carried a story from California about the soaring prices of farm lands, pointing out that speculators and non-farmers are diving in without pausing to buy undeveloped lands as well as producing groves and vegetable lands.

Bankers' lending agencies give warning of trouble ahead and withdraw lending operations.

Facts prove that the Glades while producing net profit, per acre comparable to California have not so far suffered any abnormal rise in price of land.

We quote from the Journal's story and give parallel cases from Glades sales, operations and developments.

The Journal says "San Joaquin County" has a myriad of pest-infested, lying below sea level, readily irrigated, but offers the problem of pumping out the water afterward."

The Glades consist of 57 inches of water, supplemented by Lake Okechobee's reservoir of the Kissimmee River Valley, which is a natural flow of moisture which permeates the area through canals and natural seepage through the porous rock underlying the muck. Being 16 to 17 feet above sea level, gravity flow removes a certain amount of excess water.

Pumps, reverses for in-pumping serve to give an excellent on a W. Taylor.

Rev. W. M. Sentell followed Mr. Taylor and J. E. Dillard, the present pastor succeeded him.

A temporary tabernacle was built in 1935, the pastorate was completed in 1936 and just recently the church building was given the finishing touches, masonry and financially.

Members of the Mens Bible Class gave the church four lots of land, including the lot on Avenue B and three on Avenue C for future expansion.

Ten years ago there was no church building in Belle Glade. Makeshift rooms were used for meetings of the several small congregations.

## A Substitute for Hell

Somewhere in New Guinea these wounded soldiers await evacuation. Flat on their backs, in the steaming heat of the jungle, where mosquitoes plague the air and ants and mosquitoes torment them, they lie, waiting for the day when they can be moved to a hospital and the touch of cool, comforting hands. You can help provide modern hospitals and the medicines they need for their recuperation by putting every dollar you can into War Bonds during the Third War Loan.

Each of these organized congregations have the complementary Union and bands for the religious as well as for the younger people and a full program of religious work is carried on.

There are two missionaries assigned to the Community for work among the whites.

With a total investment of \$80,000 in value, the practice and propagation of religion in the vicinity belies the oft repeated saying that modern youngsters "are going to the devil nine miles per hour."

On the theory that our year-round negro population also have a generous working set-up of religious organizations a survey is being made, but we are sure that the legitimate congregations among them are equal to other colored populations.

The itinerant and self appointed religious leaders depend on the "customers" available, at twenty five cents per week.

CEILINGS EXPECTED SOON ON OUR CROPS

L. L. Stucky, Chairman of the Vegetable Committee of the Palm Beach County Farm Bureau, announces that representatives "are in Washington concerning the floor price under potatoes for the coming season, as well as ceiling prices on locally produced vegetables."

E. W. (Pete) Lins, of the Vegetable Committee was joined by Judge J. H. Lins, of the County and J. A. Cox of Dade County and they will appear before War Food Administration.

THOMAS P. KELLY, QM 31c Quartermaster Kelly, son of Mr. and Mrs. F. W. Kelly, is now enrolled at the Navy's Submarine Training Center in Miami, after seeing action in the invasion of Sicily.

He is now a quartermaster being a specialist in the finding and U-boat destruction. His training center has but one motto—"Sink That Sub."

A/C GUY-BENDER Aviation Cadet Guy Bender is now attending the Army Air Force Pilot Flight school for Pilots at Maxwell Field located at Montgomery, Ala.

He will receive nine weeks of intensive military, physical and academic training preparatory to beginning their actual flight instruction at one of the many primary flying schools in the Army Flying Force.

## Third War Loan Over The Top Four Times For This Community

### Colored Woman's Club Buys Three Bonds; Sets Up Loan Fund

Sadie E. Prior walked up to the table where applications for bonds were being received and plunked down \$225 in "long green" for three bonds to the Woman's Club of Camp Okechobee.

The purchaser also announced that scholarship fund of \$500 had been set up by the Club to be used as a loan fund for colored students from Camp Okechobee for higher schooling.

With an initial capital of \$26.13 the Club began a lunch room at the rear of the recreation hall and last month of the year, on the first day. From then on, though, the money rolled in to the tune of about \$700 net for the season.

Teachers Entertained At Golf Club Dance

The school teachers were specially invited guests at the Saturday night party at the Golf Club. A generous attendance of members welcomed the visitors, who included some of the nurses from the Migratory Camp.

Mac McCabe, Entertainment Chairman, announces that he is about to secure the services of an orchestra at least once a month during the winter and one for special dances.

The Committee also announces that a charge of fifty cents per person will be made in the future for the Saturday night dances as a method of revenue.

DR. HARRY ELARBEE OPENS OFFICE HERE

Dr. Harry Elarbee, formerly of Pahokee is announcing the opening of his office in Belle Glade in the Kahn Building.

Dr. Elarbee left his practice when he joined the Army Medical Corps and served as Flight Surgeon at Mitchell Field, Long Island, N. Y.

Until he has made suitable arrangements in Belle Glade, a home he will continue his home in Pahokee.

Office furniture and equipment are being installed at the store room formerly used by the Red Cross and regular office hours will be observed in the very near future.

District Grand Master Visits Local Masons

Approximately ninety persons enjoyed the visit of District Grand Master M. L. Neely and the barbeque prepared by our Mayor and donated by Joe Cherry.

There were five candidates who took the Masters Degree. The local Lodge was complimented by Mr. Neely for the work put on and for the attendance, both of local members and visitors.

Barbeque, Lake Worth, Okechobee, West Palm Beach, Ft. Pierce, Gainesville and other State lodges were represented as a couple from out of State. Those to receive the Master Degree were: Nattie Taylor, Harold Rabin, Harry Dawson, C. B. Barbee and Roy A. Bair.

Master Cliff Green occupied the Chair in the East.

Government Wants Photographers And Training Specialists

If you are a photographer by profession your government can use you for war work in Washington.

If you are an amateur with experience you can be used too. The salary is from \$1,200 to \$2,433 per year. It interested apply at the postoffice for application blanks.

Now to be a training specialist you must have had at least five years experience in a training in industry. Programs sponsored by the U. S. Dept. of Education Youth Administration.

It is valuable, if you have had experience. This pay \$3800 per year plus overtime should bring your income to approximately \$4400 per year.

Apply at the local post office for an application blank.

### Off Season Financially Doesn't Prevent Results Pleasing to Workers

At a slack season, financially, in the Glades, the Belle Glade area has sold bonds of the Third War Loan to four times what our quota could be—total sales thus far more than \$205,000 up to Thursday noon.

Milton Campbell, Chairman of the Bond Drive reports that a much less percentage of the total has been bought in tax anticipation bonds than heretofore, indicating that individuals and business houses have really bought, and particularly individuals.

Organizations have put on drives to see that each member has participated to the extent of at least one bond in this drive.

The Rotary Club has a committee contacting each member in an attempt to insure each buying as well as in an endeavor to sell additional bonds.

Lion President Dooley has a committee working on the same thing with his roaring outfit.

The Pep Club at school has advocated school children buying stamps and bonds since its organization this season.

Negroes Active

A negro committee appointed among themselves began last week with a rally in the Quarters and held one at the Okechobee Migratory Camp Wednesday night with a total sale of \$5025.

The Committee headed by W. C. Taylor has requested permission to continue their drive through November in order to take advantage of the fall's high income among their ranks.

A. E. Robinson, Chairman of the Interracial Committee of St. Lucie County, spoke to the crowd at the Migratory hospital Wednesday night, following short talks by Slick Kirshman and Luke Jones, and was highly complimented by the white visitors on his effective appeal to members of his race. His hearty endorsement of the colored population of St. Lucie County subscribed their quota many times over.

"With everyone in all walks of life, kids and old folks, day laborers and large farmers, coming to the front when the demand of the war is supposed to be put back in the ground from whence they came, it is a shame that in this THIRD WAR LOAN for the community is very heartening," said Mr. Campbell, Loan Chairman.

Many organizations are following their reserves into bonds as the war progresses.

## From A Farmer

From Granville, New York, Ernest C. Strobeck, Secretary of the Dairyman's League Cooperative Association, says that the League predicted a butter shortage two years ago but that official Washington ignored the warning.

"The small butter making farmers are penalized by a rollback of prices which the housewives are told is to save the money, although the rollback of five cents a pound means an average saving of only sixty cents per year per person. Despite Washington talk of subsidy payments to make up to the farmer what he loses on the rollback, the small farmer making less than 1,000 pounds of butter monthly gets no subsidy. The result is less butter for consumers."

Mr. Strobeck says all the farmers want is production cost prices, and that subsidies merely squander public money and "perpetuate the policy of scarcity."

## Will The People Learn?

On an article in the Reader's Digest for September, 1943, Hatton W. Sumners, congressman from Texas, asks: "Why is it . . . that . . . representative government is withering before our eyes?"

He shows that while our whole political system is based on the principal of local self government, the people themselves are destroying that system by their continual demands for Federal intervention in the problems of every community and class, and by the ever-growing practices of passing these problems to Washington. Congress, not being able to handle such an impossible burden, creates bureaus and bureaucrats.

The bureaucrats "issue what are called 'directives,' which actually have the force of law. One bureaucrat in the Securities & Exchange Commission said recently: 'We do make the law. This order supersedes any laws opposed to it.'"

"By making the units of state government financially dependent on the Federal government, that government is acquiring the power to control the units of state government. When this is fully consummated, the sovereignty of state government will be liquidated."

"The men who are trying to drive us toward government by bureaucracy understand this. The chief adviser of the National Resources Planning Board, recently abolished by Congress, prophesied crisply:

"Congress will surrender to the Administration the power to tax . . . Congress will appropriate huge sums of money, will surrender its power of directing when and how the money will be spent. Other extraordinary powers, such as to effect great social reforms, will be delegated to the Administration, which will retain most, if not all, of its wartime powers."

"The remedy—and only remedy—is to send all these non-Federal functions back where they belong: to the state and local communities, where they can be handled upon a scale within the comprehension of the limited mind of man."

"National socialism may be described as government by bureaucracy. If we think Hitler's system is better than ours, we should have the honesty to say so instead of copying while we denounce it."

Los Angeles Examiner

U. S. Treasury Department

OPA's plan is to eliminate expiration dates on shoe stamps and to make new stamps valid as soon as supplies warrant. This enables a person to save shoe stamps until shoes are needed.

More Leather For Shoe Repair  
More leather will be available for repair of civilian shoes, as the result of a recent OPA order.

More Soap Provided

Consumers will have greater soap supplies within a few weeks. The War Food Administration has announced a program to provide a 28 percent increase in soap production for civilian use. WFA emphasized that there will still be no excess and urged soap-saving by every

possible method.

May Requisition Idle Trucks  
Idle used trucks may be requisitioned by district ODT offices or Agricultural County War Boards to transport vital agricultural products where such transport service is vitally needed. Requisitioning will be necessary only where owners of idle used trucks are unwilling to allow the use of their vehicles in this service.

To Issue Ration Book Four  
War Ration Book Four, which will last approximately two years, will be issued to more than 120 million persons through schoolhouse distributions during the last 10 days of October. OPA has announced. The book combines point and unit stamps. It has eight pages containing 384 stamps, printed in blue, red, green and black.

## CINEMATIC CHATTER

By Malcolm Millar

Alan Ladd, whose unforgettable performance in "This Gun for Hire" has already marked him for the upper bracket of stardom, together with Loretta Young, William Bendix and many other stars and featured players, move into the Everglades this coming Owl Show on Saturday and for a two day run Sunday-Monday "China."

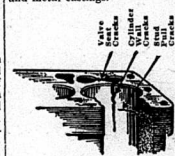

For the Tuesday-Wednesday screening comes Penny Singleton, Arthur Lake, Larry Simms, and Hugh Herbert in another of the great American family of screwballs, the Bumsteads, under

the title "It's a Great Life." This one is said to be one of the funniest things this popular trio of stars have done to date, and with Hugh Herbert, you know it will be a riot.

Short subjects and the current news round out the show. Well, the gals should get a real bang out of the Thursday-Friday screening, when "Revelation with Beverly" rollicks onto the screen. This one boasts such well known stars of the cinema and radio as Ann Miller, Bob Crosby and his Band, Freddie Slack and his Band, Duke Ellington and Count Basie and their

# Forward March— America!

Battlefront of Sacrifice  
Is Urged Upon U. S. Women  
to Aid 3rd War Loan Drive

WASHINGTON, D. C.—The women of America are going all-out to make a success of the Third War Loan Drive—to "Back the Attack" to the limit. For weeks they have been organizing to do their share toward raising the Treasury's unprecedented goal of 15 billion dollars in War Bond sales to non-banking investors.

In order to lay the groundwork for this intensive organization far enough in advance of the drive, Miss Harriet Elliott, Associate Field Director of the War Finance Division, in charge of women's activities, made a swing around the country during July. Regional conferences were held in Atlanta, Dallas, San Francisco, Denver, Cleveland and Boston.

"Women have been called to the battlefronts of sacrifice at a time when their brains, energies and money are most needed," says Miss Elliott. "By Bonds by sacrifice, is the order of the day. If every woman in America would pledge herself to do without everything she possibly can, and carry out that pledge faithfully, she would make a genuine contribution to victory."

All groups of women are active in the drive. Many cities and counties are conducting Door-knocker canvasses and carrying

roduced by Prof. Frank Hobson. The group then went to the cafeteria where bingo was played at the lunch tables. Those winning high scores were Mrs. Jack Royals, Mrs. Eugene McCabe, Mrs. Carl Hayes, E. J. Murray, Jr., Mike Murphy and Harry George. Consolation prizes went to Mrs. J. R. Neller, Mrs. James Weirango, Miss Vivian Johnson, Paul Davidson and Jack Royals.

Approximately 100 members attended. Mrs. Lawrence Besant, Mrs. Frede Annapu, Mrs. Al. Kirchman and Mrs. Curtis Thompson were on the hostess committee.

**SOUTH BAY BEAN CITY LAKE HARBOR**

Mr. and Mrs. Mark Challancin and family have returned from spending the summer at Swainsborough, Ga.

Miss Annette Maples and Miss Ruth Rutledge of Clewiston visited relatives here Sunday.

Willie Frank Martin is working as engine mechanic at Riddle-McKay Field near Clewiston.

Mrs. Maude Hartline has returned from her vacation visit at Round Mountain, Ala.

Delores Yon and two school friends from West Palm Beach spent the week with her parents, Mr. and Mrs. G. A. Yon.

Calvin Walker has returned home from several months service in training for the Navy, having received an honorable discharge on account of ill health.

Mrs. Edith Rackstraw of Clewiston was an all day guest of Mrs. George Yon recently.

Mr. and Mrs. Ed Best have purchased the former W. H. Rawle home which they have occupied for the last year.

Capt. H. T. Holloway of West Palm Beach was a business caller in South Bay the first of the week.

**Independent Market Has Large Stock**

Harry Johnson's Independent Market will reopen for business tomorrow after having been closed for several months and his customers will have the advantage of a complete line of groceries that were not depleted during the summer, as were many of the stores that continued to operate regardless of the shortages.

Housewives who hold fond memories of the good old days before the war when they could buy mayonnaise, tea, jelly, baked beans, mushrooms and many other items that have long been absent from the grocery shelves, may now find these articles in limited quantities at the Independent Market. In addition, they will be assured of a large stock of native and western meats, fresh vegetables and fruits and all staple goods commonly carried.

**HOLIDAY GIFTS**

We have had to make a special effort this year to obtain suitable gifts for the Holiday season as so many items are manufactured of critical war materials.

We are gratified with what we have been able to accomplish—we are sure you will be pleased with the many beautiful things we have. May we suggest that you shop early.

Our gift shop has been enlarged.

**SPECULATORS LIKE**  
(Continued from page 1)  
approximately \$40 per acre.  
All of these purchases are by farmers for farming purposes and improvement are already in or are in the process of being put in. Any of the lands mentioned are suitable for potatoes, celery, cabbage, and any leaf crops, in addition to being excellently suitable for cattle fattening.

An expenditure of \$30 to \$40 per acre will make any of them ready for the crops to be planted.

Again the Journal "Tokay grapes—average 10 tons to the acre and on the best land as high as 18 tons. This year the crop is being sold on the vines at \$750 per acre; picked at from \$50 to \$75 per ton. On the latter basis returns have run all the way from \$500 to \$1,350 per acre from grapes that have cost from \$100 to \$300 an acre to grow and harvest. Two thousand dollars per acre as a selling price for this land doesn't seem out of line, if this year's returns were average."

The story on grapes parallels our cabbage, escarole and celery markets.

C. A. Bailey has just completed a sale to Bob Creech of 222 acres of sawgrass land under water control, and in which cab-

**Wanted! Men and Women Who Are Hard of Hearing**

Belle Glade, Florida

bage, celery, escarole have been raised for \$100 per acre.

Fifty acres in Section 1000 on road No. 25, just west of the Experiment Station has been purchased for \$125 per acre. This land adjoins Fleming's original celery farms.

The Aspy Brothers sold a 40 acre tract on Big Kraemer Island to Jack Willson for \$11,500 recently; highly improved Lake Bottom lands have been offered for \$250; a quarter section in eight, just south of Town, was purchased for \$125 per acre. This land is willow elder, bordering on custard apple, and will grow anything adapted to the community.

The Sugar Co. has paid as high as \$175 per acre for good cane land, but a majority bought recently for \$125 to \$150 per acre.

Cabbage brought a gross of from \$100 to \$1750 per acre this past season, i.e., early celloflore brought from \$1250 to \$2250 per acre and celery brought from \$1500 to \$3000 per acre. These figures are general and not from any particular spot.

Sugar cane brought from \$100 to \$150 net profit per acre this past year.

Beans, the most erratic of the crops, brought from nothing per acre to \$1000 for each crop. Two crops are normally planted and on large farms averaged \$200 to \$500 per acre net for the season.

These returns compare most favorably with California's reported returns, and our lands have maintained their true value based on normal—not wartime—production and return.

"The speculator is not in the Glades, and we do not want him," said one Realtor. "We have a steady healthy expansion and development movement by

the dirt farmer, and we do not want to see the mental and financial abortions of 1929 repeated here in the Glades. Our rich soil and nature climate insure our steady progress. Let the speculator watch the "Big Board" and let the law of supply and demand dictated by utility govern our farm prices."

#### MPCA BUYS BONDS IN NINE COUNTIES

Geo. F. Walz, secretary-treasurer of the Miami Production Credit Association announces that his organization has put \$21,000 in the Third War Loan to be distributed among the nine counties in which he makes loans.

Dade County, home of the organization gets \$8,000, Palm Beach with its celery loans gets \$6,000 and Broward gets \$5,000 while the balance of \$2,000 is scattered among the other six counties.

"For over a year this association has been issuing bonds, having been designated by the United States Treasury as one of the issuing agencies," Mr. Walz declared. "During the Third War Loan drive we are offering our services in issuing bonds to farmers and the general public. Of course, after the drive we will continue as one of the Government's authorized agencies to issue bonds."

The purchase of these bonds were made possible by the virtue of the association's \$85,000 accumulated earnings over its period of operation.

# THE 3<sup>RD</sup> WAR LOAN DRIVE IS ON!

Today...YOUR COUNTRY looks to YOU to back the INVASION

**3<sup>RD</sup> WAR LOAN**

**15 BILLION DOLLARS**  
(NON-BANKING QUOTA)

• The big drive is on! Not only on every battlefield—but on the home front, too. As the tempo of the war increases as our fighting forces go all-out for INVASION, we folks back home must mobilize in their support.

We must back the attack with our dollars.

And that's what the 3rd War Loan Drive is for!

Today marks the opening of this vital drive, probably the most important appeal your government has ever made to you. Open your heart... and do your full part.

To reach our national quota everyone who possibly can must invest in at least one extra \$100 War Bond during the drive, or LEAST \$100. More if you can. That's in addition to your regular War Bond subscription. Invest out of your income... invest out of accumulated funds. Invest every dollar you can. For, one thing is certain—this is total war and everyone must do his full share. And that means you!

You know all about War Bonds. You know that every penny comes back to you with generous interest. That War Bonds are the safest investment in the world. That they help secure your future... hasten Victory. So now—today—let's all do our share. Back the invasion now—buy at least one extra \$100 War Bond in September.

#### Safest Investments in the World

United States War Savings Bonds Series "E", gives you back \$4 for every \$3 when the bond matures. Interest: 2 1/2% a year, compounded semiannually, if held to maturity. Redemption: \$25, \$50, \$100, \$500, \$1,000. Redeemable: Anytime 60 days after issue date. Price: 75% of maturity value. 2 1/2% Treasury Bonds of 1944-1949; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of collecting Federal estate taxes. Dated: September 23, 1943; due December 31, 1949. Maturity: \$100, \$500, \$1,000, \$5,000, \$10,000, \$25,000, \$50,000, \$100,000 and \$1,000,000. Price: per unit, varied interest. Other securities: Series "C" Savings Notes; U.S. Certificate of Indebtedness; 2 1/2% Treasury Bonds of 1935-1955; United States Savings Bonds Series "H"; United States Savings Bonds Series "K".
